Subject to any conditions established by the Committee for a specific tournament, if a Handicap Revision occurs on or after the first day of a tournament which is an individual stroke play event, a team match play event, or a team best ball event, all players shall compete throughout the remainder of the tournament with the handicap that was in effect on the date that the competition commenced. This policy may not apply if, in the discretion of the Committee, there is sufficient time to implement the revised handicap into the scoring of the tournament if, for example, there is a postponement of the second day of competition or a scheduled afternoon start. See Section 9-2 of the USGA Handicap Manual.
